Collaborative Intensive Roundtable Experiences

We'll divide the afternoon into these three Collaborative Intensive Roundtable Experiences: 1) Leadership, 2) Stewardship, and 3) Relationship.

These highly interactive sessions will allow you to hear from experts, process “big impact ideas” together and go deeper on these vital topics. Each participant will choose to attend one of these three roundtable experiences.

These three roundtable experiences mirror the three key tracks in CLA's Credentialed Christian Nonprofit Leader (CCNL) program.

- **The Leadership Roundtable Experience** explores the big picture on leading and governing Christian nonprofit organizations well.
- **The Stewardship Roundtable Experience** examines how to best steward the financial and human resources of a Christian nonprofit organization.
- **The Relationship Roundtable Experience** evaluates how to winsomely communicate to connect the mission of a Christian nonprofit organization to the hearts and minds of those who will support and fund that unique kingdom work.

Each roundtable experience will be hosted by a member of CLA's National Advisory Council, and include a panel discussion and two additional presentations and discussions on key topics facing Christian leaders. Participants will have the opportunity to engage with the “big impact ideas” from our morning session asking: What did I hear? Why does it matter? What changes because of it? And then you will go even deeper, engaging with other thought leaders on important trends and innovations for Christian nonprofit leaders today.
